

Welcome to Bugatti

The Brand Bugatti stands for exclusiveness, luxury, elegance, outstanding design and enormous passion. Unique visions, the strong tradition of legendary sports cars as well as the technical precision in development, construction and production – they form this brand since its founding in 1909, by Ettore Bugatti.

Become a part of this tradition. We invite you as

BG-F/I Portfolio Manager IT and SAP Specialist (m/f/d)

Your tasks

Specialist tasks Portfolio Manager 20%:

- Advise key users on improvements to the Bugatti SAP system SAMBA.
- Responsible development and prioritization of the project portfolio for the specialist departments logistics, aftersales (incl. customer service) and purchasing.
- Release, prioritize, and control IT projects, including reporting and escalation management.
- Create business cases in cooperation with the departments for targeted investment decisions.

Specialist tasks Project Manager 40%:

- Take over the project planning for the phases of pre-clarification and order clarification. This includes coordinating and commissioning the trades, tracking the requirements and implementing the decided measures.
- Requirement management: in particular, record and evaluate the interactions of requirements with adjacent departments.
- Monitor projects including requirements, time and budget tracking.
- Coordinate test and go-live with the departments.
- Ensure support before handing over the projects to productive operation (e.g. AMS handover).

Specialist tasks SAP 40%:

- Ensure the use of the support process by the department through regular communication and coordination
- Coordinate ticket processing (e.g. escalations, compliance with departmental tests) with the support service provider
- Support the CIO in creating a partner strategy for project implementation and support of the SAP system
- Support data analysis and quality checks in the event of escalations
- Regular report of the chance request and ticket status to the CIO

Your qualifications

- Completed studies in economics or computer science
- Dedicated SAP knowledge with a focus on SD and MM
- Very good knowledge of French and English, German skills optional
- Independent way of working
- Ability to communicate and persuade
- Customer orientation and security in negotiation
- Analytical and transfer capability to translate IT-specific issues into departmental language
- Skills in presenting, moderating and project management

Please join us and apply – with stating the position above – to recruiting@bugatti.com.
