

Welcome to Bugatti

The Bugatti brand has always been synonymous with luxury, elegance, exceptional design and great passion. A unique vision, a strong tradition of legendary sports cars, and precision craftsmanship in development and production have characterized the brand since its founding in 1909 by Ettore Bugatti.

You too can be part of this tradition. We are looking for :

BG-VK/P - After Sales Parts (m/w/d)

Your missions

- Participate in the definition of the BUGATTI Automobiles S.A.S. After-Sales Parts packaging strategy.
 - Define the packaging per family of parts and according to its purpose: storage, shipping and return
 - Define the best use of a packaging, for example single use or reusable
 - Adapt packaging to international regulations in conjunction with the Trade Compliance department
 - Search for partners for the supply of packaging and be in contact with dealers
 - Propose methods for the storage of future parts
 - Document and write processes for all packaging users in the supply chain
 - Depending on skills, design, program and manipulate 3D software and carton cutting machine

Your skills

- Studies in engineering or logistics or comparable studies
- Good knowledge of MS Office
- Knowledge of SAP is a plus
- Fluency in English and French, knowledge of German is a plus
- Team player, communication skills and flexibility
- Organizational skills and ability to work independently

Duration of the internship: 4 to 6 months starting in January 2023.
